

# Accessories

We offer load supports individually adapted to each model. Available for PMC 1–11.

## Load supports

Spare parts/ aftermarket details are handled with the help of PMC's spare parts sheet.

Having our own production means that lead times for spare parts can be minimised. This gives you a high level of service when a breakdown is ongoing.

It is also possible to change original accessories supplied for the unit, such as fork dimensions.

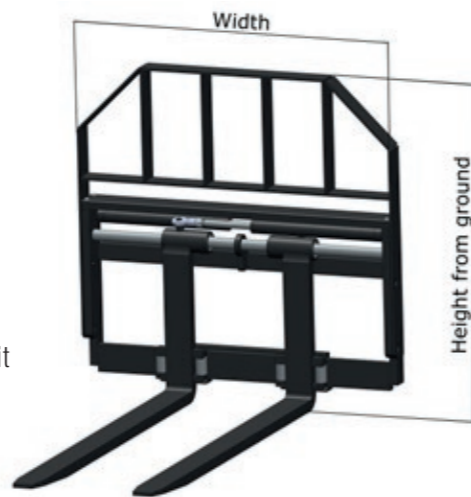

## A selection of our load supports

PMC 1+4+11			
Capacity	Width		Art no
1800	920–	1220	45014
	1020–	1370	45024
2500–3500	1420–	1620	45025
	1020–	1370	45124
4000–4500	1400–	1800	45125

PMC 2+3			
Capacity	Width		Art no
1800	920–	1220	45034
	970–	1370	45044
2500–3500	1420–	1620	45045
	1200–	1350	45114
4000–4500	1400–	1720	45115
	1800–	2000	45166
	1000–	1200	45134
7000	1400–	1700	45135

For load supports for other models, please contact PMC.

When ordering please state:

PMC Art. No. – Unit width – Height from ground to top of load support

Example: 45024-1220-1200

For a load support for PMC 4 with a capacity of 3000 kg and a unit width of 1220 mm and a height of 1200 mm from the ground to the top of the load support.

The units fulfill the requirements of the Machinery Directive regarding partly completed machinery. The assembly directions that accompany every unit confirm that the requirements have been met.
